## WHAT'S BEEN HAPPENING

Last week in before and after school care was an absolute blast! We kicked things off with a sunny picnic outside where the kids enjoyed their snacks under the blue sky, laughing and playing on the basketball court. Indoors, creativity flowed as everyone got hands-on with water painting, there was more paint on the tables (and maybe on a few noses) than the paper, but the masterpieces turned out amazing! Things got even sweeter as we transformed into little chefs: the kids whipped up fluffy pancakes and golden waffles, jiggled up some jelly, and even baked a cake! The room smelled like a dessert shop, and let's just say, there weren't many leftovers. What a fun, delicious week!
